### ABC Medieval PowerPoint

*Description:* Design a PowerPoint presentation about a topic from Medieval History. Each person in your group will be responsible for certain letters of the alphabet. You will need to find vocabulary / key ideas that begin with your letter and has to do with your topic, then be able to share that knowledge with the class in a PowerPoint presentation.

*Skills Introduced/Practiced:*

- Accessing Office 365 account
- Collaborating on an online document
- Research and note taking
- Summarizing
- Presentation (PowerPoint and to class)

*Group Members:*

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
4. \_\_\_\_\_

*Topic:* \_\_\_\_\_

*Assigned Letters:* \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

\*If your group cannot find words for certain letters, you may double up on other letters. (For example if there's nothing you can figure out for Z, do 2 "M" words instead.) Try to keep this substitution to a minimum.

*Steps:*

1. Work with your group to find words that have to do with your topic. Record on your shared Excel document. Choose letters within your group.
2. Each person will research the words they choose. Record your information (phrases, bullets, own words) on the note sheet. Also record the source of your information (URL or ISBN)
3. One person in the group will create a PowerPoint document and share with the rest of the group.
4. Choose a layout for the presentation.
5. You will need a title slide with topic and the names of your group members.
6. Each person should create their slides (in order.) One illustration/slide. Hyperlink the website where you found the image (or paste the URL next to image.) Write 3-5 sentences to summarize your research. Make sure you **put your name on each slide you create.**
7. Use easybib to create a bibliography. Each person should paste their own onto a page at the end of the presentation.
8. Use your notes to prepare to present your research to the class.
